Our Website;

It has been several months now that the club published a website and adding to it as we go along. But the website needs to be a vision and tool of the whole group, prospectors as well as metal detectorist and treasure hunters. So as a help and guidance please to your website team, review our website, make sure there aren't any glaring errors and think about what you would like to see on this potentially valuable tool for our shared use.

Suggestions will always be considered and criticisms of content look or any thing is encouraged and appreciated. The two areas of most use are 1st the galleries and then close 2nd is the forum. But the forum isn't being used as we had intended. Not enough people participate in the posting of ideas, hunting partner ideas, and finds. This is your tool so please consider utilizing it more.

Would a classified ad section be of interest? A product review section, that would let everyone know about you success or failure in adding a weapon to your treasure hunting arsenal? What would you like to see? Let John or me know and we'll see that it gets done if at all possible.

Also, if you would please consider being a member of the website committee, you don't have to code a single line or know anything of the mechanics of a website but your evolvment as a user and consumer of the site will be a huge asset to all.

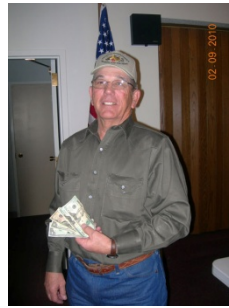

Thanks to all that use it and please make it your website.

Jim and John

We have club hats back in stock and can also take orders for club shirts. Please see Jim Nichols at Tuesday's meeting.

Camp Don Harrington

When the weather finally cleared and warmed some of the members that hunted made it count. We had 11 hunters Saturday , Sunday was cancelled by the office? Camp Don still producing silver and unique finds. The estimated count of coins found on Sunday was well over 160 total, 7-9 silvers, 30+ wheat's oldest 1918 and a couple of Buffalo's, one a 1919 in superb shape. I think there were 5 Merc's mostly from the mid 40s. It turned out to be a great day for lawn fishing and the ground was perfect. Moist but not muddy and really helped get the silver singing. All enjoyed a day without snow or cold temperatures and it looks like this week will be great as well.

MEMBERS , I AM ALWAYS LOOKING FOR MORE CONTENT FOR THE NEWSLETTER. IF YOU HAVE PICTURES OF YOUR FINDS, OR A TREASURE STORY/ARTICLE , PLEASE SEND IT ALONG. I WILL PUBLISH ANYTHING OF INTEREST TO THE CLUB.

Remember, Tuesday March 9th at 7 PM is our next monthly meeting. Hope to see you all there.

John London
